2. Customer Personal Data.

- (a) Customer shall have sole responsibility for the accuracy, quality, and legality of Customer Personal Data and how such Customer Personal Data is acquired. Customer agrees that it shall Process Customer Personal Data in accordance with applicable Privacy Laws, including complying with any applicable requirement to provide notice to Data Subjects of the Customer’s use of Zuora as Processor.
- (b) Customer agrees that its instructions for the Processing of Customer Personal Data will comply with applicable Privacy Laws. Zuora shall Process Customer Personal Data on Customer’s behalf in accordance with the Customer’s documented instructions as reflected in the Agreement. Zuora shall inform the Customer if, in its opinion, an instruction infringes applicable EU Privacy Laws. Both the Customer and Zuora will comply with their respective obligations under Privacy Laws applicable to

the Services received by and provided to the Customer under the Agreement.

- (c) Zuora acknowledges that the process of de-identifying Customer Personal Data and other data related to the Services to render it Anonymous Data, which may then be used for the purposes of operating and improving services and operations, developing new services and offerings, and other research, analytics and related purposes, is a Controller processing activity which it determines independently of the Customer's instructions. Zuora agrees to comply with applicable Privacy Laws in respect of such processing. Customer agrees to include a link to Zuora's privacy notice in its own privacy notice in relation to this processing activity only.
- (d) Where EU Privacy Laws apply, Customer is controller and Zuora is Processor, and each party agrees to comply with applicable EU Privacy Laws in respect of their respective processing of EU Customer Personal Data.
- (e) The subject-matter, types of Customer Personal Data, along with the duration, nature, and purpose of the Processing as well as the type and categories of the Data Subjects are specified in Exhibit 1.

3. Zuora personnel. Zuora will ensure that its personnel have committed themselves to maintaining the confidentiality of Customer Personal Data and/or compliance with an appropriate statutory obligation to maintain the confidentiality of data. Zuora will take commercially reasonable steps to ensure the reliability of its personnel engaged in the Processing of Customer Personal Data and provide relevant training. Zuora will limit access to Customer Personal Data to only those personnel required to perform the Services.

4. Subprocessors.

- (a) Customer provides general written authorization for Zuora's use of Subprocessors, to assist Zuora in providing the Services and Processing Customer Personal Data. Zuora will ensure that each Subprocessor: (a) agrees to act only on Zuora's instructions when processing Customer Personal Data, which shall be consistent with Customer's instructions to Zuora; and (b) agrees, in writing, to process and protect Customer Personal Data to a standard substantially the same as Zuora's obligations herein and in the Security Addendum. Zuora shall be liable for the acts and omissions of its Subprocessors to the same extent it would be liable if it was performing the activity directly.
- (b) A list of current Subprocessors can be found [here](#) and is acknowledged by the Customer as of the DPA Effective Date. This list may be updated from time to time using Normal Communication Channels ("**Notice**"), which includes information updates within the Zuora online community and the Customer's e-mail address(es) listed on page 1 of this DPA. Zuora shall provide at least thirty (30) days advance Notice of any such updates. Customer shall have thirty (30) days to object to any Subprocessor through Normal Communication Channels. If Zuora does not receive a Customer objection within ten (10) days of the date of the Notice, the Customer will be deemed to have consented to the appointment of the new Subprocessor.

Upon receipt of a Customer objection, Zuora will use reasonable efforts to make available to Customer a change in the Service or recommend a commercially reasonable change to the Customer's configuration or use of the Service to avoid Processing Customer Personal Data by the objected-to Subprocessor without materially burdening the Customer. If Zuora is unable to make available such change within a reasonable time, the Parties will meet and confer to determine if the Customer Objection can be resolved. If the Parties are unable to reach a resolution, the Customer's sole right is to terminate the transfer of Customer Personal Data and the applicable Order Form(s) with respect to that portion of the Service which cannot be performed without use of the objected-to Subprocessor and provide Zuora with notice in accordance with the MSA. Zuora will refund a pro-rated amount covering the remainder of the term of the portion of the Services that have been terminated.

5. Security. Zuora shall maintain appropriate technical and organizational measures to maintain the security, confidentiality, and integrity of Customer Personal Data as set forth in the [Security Addendum](#). Zuora regularly monitors compliance with these measures and will ensure that it maintains a level of security for the Services that is appropriate to the risk of Processing and will not decrease its security at any time that Customer Personal Data is in Zuora's possession or control.

6. Security Documentation.

- (a) Zuora has obtained the following third party certifications i) PCI, ii) SOC 1, iii) SOC 2, iv) SOC 3, v) ISO 27001, vi) ISO 27018, vii) HIPAA and undergoes regular audits thereof, the reports of which, together with the third party certifications are the “**Security Documentation**”.
- (b) Upon Customer’s written request at reasonable intervals, Zuora will make available to the Customer or its Third-Party Auditor a copy of its Security Documentation to enable Customer to undertake a risk-based assessment of Zuora’s compliance with this DPA.
- (c) Security Documentation may be shared with Customer’s competent supervisory authority. Customer acknowledged that the Security Documentation is Confidential Information of Zuora and/or its Subprocessors.

7. On-Site Audit.

- (a) Zuora requests that Customer accept the Security documentation in place of an On-Site Audit other than where Customer has reasonable belief that Zuora is in breach of this DPA.
- (b) Where Customer does have such reasonable belief, Customer may contact Zuora to request an on-site audit of the Processing activities covered by this DPA (“**On-Site Audit**”). An On-Site Audit may be conducted by Customer either itself or through a Third-Party Auditor selected by Customer when: (i) the information made available to Customer by Zuora under section 6 of this DPA is not sufficient to evidence compliance with this DPA as determined by Customer acting reasonably; (ii) Customer received a notice of a Personal Data Breach; (iii) if required under Privacy Law; or (iv) upon request of Customer’s competent supervisory authority. Customer agrees that any On-Site Audit conducted will be reasonable, requested in good faith, and proportional to the Services provided (taking into account the nature and complexity thereof).
- (c) An On-Site Audit may occur up to one-time (1x) per year upon Customer providing Zuora with at least thirty (30) days advance written notice other than where Customer is relying on (ii) or (iv) above.
- (d) All On-Site Audits will be scheduled by Zuora to take place during its normal business hours and for a reasonable duration. At no time may an On-Site Audit interfere with Zuora’s day-to-day operations. Before an On-Site Audit commences, Customer and Zuora shall mutually agree upon the scope, timing, and duration of the On-Site Audit and the reimbursement rate for which Customer shall be responsible. All reimbursement rates shall be reasonable, taking into account the resources expended by or on behalf of Zuora. Zuora agrees that reasonable costs of an On-Site Audit undertaken by Customer or its Third-Party Auditor following notice of a Personal Data Breach shall be for Zuora to pay.
- (e) Customer agrees to promptly provide Zuora with information regarding any non-compliance discovered during an On-Site Audit. An On-Site Audit may be conducted through a Third-Party Auditor if: (i) prior to the On-Site Audit, the Third-Party Auditor enters into a non-disclosure agreement with Zuora that contains confidentiality provisions that no less protective of Zuora’s information than those set forth in the MSA; and (ii) all Third-Party Auditor costs are at Customer’s expense. Should Customer seek to conduct an On-Site audit or inspection of a non- Affiliate Subprocessor, Zuora will use commercially reasonable efforts to facilitate such a request.

8. Assistance Zuora shall, to the extent permitted under applicable Privacy Law, promptly notify Customer of a Data Subject Access Request. Zuora shall assist Customer with responding to a Data Subject Access Request by providing appropriate technical, administrative, and/or organizational measures within the Services, insofar as possible. To the extent Customer, in its use of the Services, does not have the ability to respond to a request, Zuora will use commercially reasonable efforts to assist Customer in responding thereto upon Customer’s reasonable request. Zuora will provide Customer with reasonable assistance with carrying out a data protection impact assessment where required by applicable EU Privacy Laws.

9. Government Access Request. If a government agency, law enforcement agency or regulatory authority demands access to Data Subject Personal Data, Zuora will attempt, where legally permitted to do so,

to redirect the requestor to make this request directly to the Customer. As part of this effort, Zuora may provide Customer's contact information directly to the requestor. Customer shall bear the responsibility for responding to all such requests. If compelled to disclose Data Subject Personal Data, Zuora will provide Customer with prompt and reasonable notice of the demand to the extent Zuora is legally permitted to do so. If Zuora is required to respond to a request and may not notify Customer, Zuora will review the adequacy of the request and take reasonable measures to challenge the terms. Zuora will also promptly notify Customer of its actions and/or provide it with a copy of the request unless legally prohibited from doing so. For the avoidance of doubt, nothing in the Agreement requires Zuora to pursue an action or inaction that could result in civil or criminal penalty for Zuora, such as contempt of court.

- 10. Return and Deletion of Customer Personal Data.** For thirty (30) days after the termination of the Services, Customer may export or delete Customer Personal Data from the Services in its discretion and in accordance with the MSA, request an export of the Financial Account Data. Following such period, Zuora will delete all Customer Personal Data remaining in its possession or control within a reasonable time-period unless otherwise agreed by the Parties.
- 11. Personal Data Breach.** Zuora shall notify Customer without undue delay (but no longer than forty-eight (48) hours) upon the occurrence of a Personal Data Breach. When providing notice, Zuora will provide Customer with: (i) a description of the Personal Data Breach including where possible the categories and approximate number of Data Subjects concerned; (ii) a description of the likely cause of such Personal Data Breach and (iii) a description of the reasonable measures taken or proposed to remediate the Personal Data Breach, such measures to be determined by Zuora acting reasonably. The Parties agree that notice under this section is not an admission of fault or liability for Personal Data Breach by the notifying Party. The obligations herein shall not apply to Personal Data Breaches that are caused by Customer, Customer Affiliates or Customer's Users.
- 12. Customer Personal Data Transfers: GDPR, Swiss DPA, and UK GDPR.** To the extent Customer and/or Zuora engages in a Restricted Transfer, Customer and Zuora will comply with requirements set forth in Exhibit 2.
- 13. California Specific Provisions.** If applicable to the Services provided, the parties agree that Zuora is a Service Provider (as defined under the CCPA). Customer will disclose Customer Personal Data to Zuora solely for a valid business purpose and to perform the Services. Zuora is prohibited from: (a) selling or sharing Customer Personal Data; (b) retaining, using, or disclosing Customer Personal Data for a commercial purpose other than providing the Services; or (c) retaining, using, or disclosing Customer Personal Data for purposes outside of complying with its obligations under the Agreement.
- 14. Duration.** This DPA will remain in force for so long as Zuora Processes Customer Personal Data on behalf of the Customer.
- 15. Instructions.** The Agreement is Customer's complete and final documented instructions to Zuora as at the DPA Effective Date for the Processing of Customer Personal Data. Any additional or alternate instructions must be consistent with the terms of the MSA and this DPA.
- 16. Conflict.** In the event of any conflict between the MSA and this DPA, the terms of this DPA shall prevail. In the event of any conflict between this DPA and the Standard Contractual Clauses, the terms of the Standard Contractual Clauses shall prevail.
- 17. Limitation of Liability.** Solely with respect to limitation of liability and indemnification-related rights and obligations of Customer and Zuora with respect to each other, the relevant provisions in the MSA shall supersede and take precedence over any directly conflicting terms in the DPA or Standard Contractual Clauses. Any reference in such section to the liability of a Party means the aggregate liability of that Party under the MSA and this DPA. For the avoidance of doubt, nothing in this DPA

shall limit the obligations of either Party with respect to a claim brought by a Data Subject directly against the Party.

18. Third Party Rights. This DPA shall not confer any rights or remedies to any other person or entity other than the Parties except as to enable the GDPR and UK GDPR rights of Data Subjects of Customer Personal Data under this DPA.

19. Entire Agreement. Section names and other headings in this DPA are for convenience of reference only. Exhibits to this DPA shall be deemed a part of the DPA to the same extent as if they had been set forth herein. This DPA may be executed in separate parts, each of which will be deemed an original, and together will be deemed to constitute one and the same document. The Parties may sign and deliver this DPA by e-mail or similar transmission that is mutually agreed.
